

Online Ballot Instructions for Teachers

Student balloting instructions for after the Capitol Forum

All students in participating Capitol Forum classes will go to the U.S. Role ballot from the Ballots and Survey's page in the Resources section of our web site: <http://www.choices.edu/resources/surveys.php>. The U.S. Role ballot is the first one listed.

The first question on the ballot is a drop down for "state." This is important in order to correctly attribute their ballot choices.

The last question asks if they are participating in Capitol Forum. All students (not just those coming to the state capitol) are participating in Capitol Forum and should answer "yes" to this question.
