

Online Ballot – U.S. Role Instructions

After the Capitol Forum and the follow up in class, all students participating in Capitol Forum classes are expected to submit a U.S. Role ballot. The online ballot is located in the **Resources>>Ballots and Surveys** section of the Choices Program web site:

<http://www.choices.edu/resources/surveys.php>

The U.S. Role ballot is the first one listed.

The first question on the ballot is a drop down for “state.” This is important in order to correctly attribute student ballots to states.

The second question asks if you are participating in a Capitol Forum program. All students (not just those coming to the state capitol) are participating in Capitol Forum program and should answer "yes" to this question.

The ballot has four sections and ends when you hit the “Done” button.
